

Homework

- **Navigation apps**

- Google map
- Offline maps
- City navigation

Google map

- Easy to use
 - The app is very good and in my opinion it is the best so far.
- Provides multiple functionalities and options
- Buttons are hidden in a drop-down list menu by the left
- You can get what you want instantly

Navigate your world faster and easier with Google Maps. Over 220 countries and territories mapped and hundreds of millions of businesses and places on the map. Get real-time GPS navigation, traffic, and transit info, and explore local neighborhoods by knowing where to eat, drink and go - no matter what part of the world you're in.

Features:

- Get there faster with real-time updates
- Sign up is mandatory
- Beat traffic with real-time ETAs and traffic conditions
- Catch your bus, train, or ride-share with real-time transit info
- Save time with automatic rerouting based on live traffic, incidents, and road closures .
